

Step 6 Were entirely ready to have God remove all these defects of character

Taking Step Six

What were the defects identified in Step 4?	
What problems are they still causing you today?	
Are you willing to give up these defects that give you pleasure or provide some other kind of reward?	
If you could have these defects of character removed right now, would you? If not, why?	
What do you get out of keeping these defects of character?	
What does it mean to be "entirely ready"?	
If you are not "entirely ready," how ready are you?	
Are you willing to ask for God's help in this Step recognizing that you cannot remove your defects of character by your self will alone?
